<ul style="list-style-type: none"><li>- Meeting about new work which is to build registration portal for SUKA.</li><li>- Need to do the registration based on the design at the figma.</li><li>- From the button apply now at home page, redirect to new registration portal.</li><li>- The options answer for status pekerjaan and others need to ask Encik Adil later.</li><li>- For the icons and images just export it from figma.</li><li>- Start to do the interface first.</li></ul>

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 3.5.2023 Day: 3 Training Week: 8

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

DESCRIPTIONS / REMARKS
<ul style="list-style-type: none"><li>- Continue with the interface first.</li><li>- Discuss with Arum about the api that will be used in the project.</li><li>- Update_user2 at api_call_login.php</li><li>- Api that will be created later, update_suka_member for maklumat pekerjaan dan pelajaran dan maklumat komitmen.</li></ul>

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 4.5.2023 Day: 4 Training Week: 8

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Continue with the design include the responsive for mobile view

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 5.5.2023 Day: 5 Training Week: 8

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Continue with the design include the responsive for mobile view

Note: Please include attachment(s) when necessary

**WEEKLY SUMMARY**  
 5.5.2023  
**Weekly Summary for Week 8 (Date: .....)**

<b>Work experience details</b>	<b>What did I learn?</b>	<b>How does this relate to what I already know?</b>
<ul style="list-style-type: none"> <li>- Got a new project to do the coding which is do registration module for SUKA portal.</li> <li>-Create interface for each registration pages</li> </ul>	<ul style="list-style-type: none"> <li>- Learn how to do a registration form that have a real life data.</li> </ul>	<ul style="list-style-type: none"> <li>- Before this, I made the project using the data created by myself, through this project, it required me to get the data from real life so api is needed to make it more secure. This help me to enhance my coding skills.</li> </ul>

**WEEKLY ASSESSMENT**

<b>WEEKLY ASSESSMENT BY INDUSTRIAL SUPERVISOR</b>	
<i>Instruction to Supervisor:</i> <b>Please refer to the relevant daily student report for assessments and comments.</b> Marking Scale: 1. Poor 2. Moderate 3. Average 4. Good 5. Excellent	
Supervisor's Signature : Date: <u>5/5/2023</u>	Supervisor's Name & Official Stamp: Nuramirah Afifah Web Developer 
Comments: <hr/> <hr/> <hr/>	
Marks for Week 8 (To be completed on the last day of each training week)	
<div style="border: 1px solid black; padding: 2px; display: inline-block;">         5      5       </div>	

## DAILY TRAINING LOG

Date: 8.5.2023 Day: 1 Training Week: 9

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Continue with the design include the responsive for mobile view

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 9.5.2023 Day: 2 Training Week: 9

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Continue with the design include the responsive for mobile view.
- Done with the design the interface for SUKA poratal for registration.
- Contact with Arum for the next work to be done. He told me to do the validation first then can start with the api.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 10.5.2023 Day: 3 Training Week: 9

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Start to do the validation for Suka portal for register\_maklumat\_akaun.php . All of the details in the form must be fill in before go to the next page.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 11.5.2023 Day: 4 Training Week: 9

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Start to do the validation for register\_alamat\_pendaftaran.php and register\_pekerjaan\_pelajaran.php. All of the details in the form must be fill in before go to the next page.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 12.5.2023 Day: 5 Training Week: 9

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Start to do the validation for register\_komitmen.php and register\_dokumen.php. A button call muatnaik will be added to add the documents with specific requirements. For the dokumen, need to make sure that the gambar section must be in png, jpg and jpeg only with the size not more than 10MB. For kad pengenalan and sijil apc must accept only pdf, png and jpeg only with the size not more than 10MB. Need to make sure that the gambar and kad pengenalan sections must be filled before direct to next page. The sijil apc only optional one. The kad pengenalan and sijil apc must be able to add the padam section.

Note: Please include attachment(s) when necessary

## WEEKLY SUMMARY

**Weekly Summary for Week 9 (Date: 12.5.2023)**

<b>Work experience details</b>	<b>What did I learn?</b>	<b>How does this relate to what I already know?</b>
<ul style="list-style-type: none"> <li>- Do the interface for all of the pages in registration.</li> <li>- Add validation for all of those pages.</li> <li>- Make the validation for sijil apc is optional only.</li> </ul>	<ul style="list-style-type: none"> <li>- Learn on how to make proper responsive view for registration.</li> </ul>	<ul style="list-style-type: none"> <li>- Strengthen my knowledge in doing the registration form.</li> </ul>

## WEEKLY ASSESSMENT

<b>WEEKLY ASSESSMENT BY INDUSTRIAL SUPERVISOR</b>		
<p><i>Instruction to Supervisor:</i></p> <p><b>Please refer to the relevant daily student report for assessments and comments.</b></p> <p>Marking Scale: 1. Poor 2. Moderate 3. Average 4. Good 5. Excellent</p>		
<p>Supervisor's Signature :</p> <p>Date: 12/5/2023</p> 	<p>Supervisor's Name &amp; Official Stamp:</p> <p>Nuramirah Afifah Web Developer</p> 	
<p>Comments:</p> <p>Able to learn and deliver on the given task</p> <hr/> <hr/> <hr/>		
<p>Marks for Week 9</p> <p>(To be completed on the last day of each training week)</p> <div style="text-align: right; margin-top: -20px;"> <table border="1" style="display: inline-table; vertical-align: middle;"> <tr> <td style="text-align: center; padding: 5px;">5</td> </tr> </table> </div>		5
5		

## DAILY TRAINING LOG

Date: 15.5.2023 Day: 1 Training Week: 10

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Continue with the validation for upload documents.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 16.5.2023 Day: 2 Training Week: 10

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

<b>DESCRIPTIONS / REMARKS</b>
<ul style="list-style-type: none"><li>- Done with the validation for registration.</li><li>- Arum teach on how to apply api to call it for the registration via teams.</li><li>- For the number phone, divide it into 2 box first and then call it at one. which is numberphone1 for 013 and numberphone2 for 12324434.</li><li>- For the age, use the date of birth data and calculate the age based on it automatically.</li></ul>

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 17.5.2023 Day: 3 Training Week: 10

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Ask arum about what library that will be use to call the country. It is format alpha 2.
- For the Dun api, arum already added it at api\_call.php.
- Continue to call the country and dun from the api.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 18.5.2023 Day: 4 Training Week: 10

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Ask arum about the api as in the console already display the list of dun but in the option for dun just display the blank. Had a meeting in teams with him to solve the problem together.
- Able to display the option of dun.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 19.5.2023 Day: 5 Training Week: 10

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Ask arum about the religion format as there is no data for religion to retrieve at postman.  
- He said that for the religion need to do it by calling the array method like below:  
array{  
 'islam' => islam  
 'kristian' => kristian  
 'hindu' => hindu  
 'chinese' => chinese  
};

## WEEKLY SUMMARY

**Weekly Summary for Week 10 (Date: .....19.5.2023.....)**

<b>Work experience details</b>	<b>What did I learn?</b>	<b>How does this relate to what I already know?</b>
<ul style="list-style-type: none"> <li>- Able to display the list of dun using the api method.</li> <li>-Able to display the age by using the date of birth formula to calculate</li> </ul>	<ul style="list-style-type: none"> <li>- Learn on how to use the api to call the dun</li> </ul>	Got new knowledge on how the api works.

## WEEKLY ASSESSMENT

WEEKLY ASSESSMENT BY INDUSTRIAL SUPERVISOR	
<p><i>Instruction to Supervisor:</i></p> <p><b>Please refer to the relevant daily student report for assessments and comments.</b></p> <p>Marking Scale: 1. Poor 2. Moderate 3. Average 4. Good 5. Excellent</p>	
<p>Supervisor's Signature :</p> <p>Date: <u>20/5/2023</u></p> 	<p>Supervisor's Name &amp; Official Stamp:</p> <p>Nuramirah Afifah</p> <p>Web Developer</p> 
<p>Comments:</p> <p>Attentive to request details, able to deliver on the given task</p> <hr/> <hr/> <hr/>	
<p>Marks for Week 10</p> <p>(To be completed on the last day of each training week)</p>	
<div style="border: 1px solid black; padding: 2px; display: inline-block; text-align: center;"> <span style="font-size: 2em;">5</span> </div>	

## DAILY TRAINING LOG

22.5.2023

Date: \_\_\_\_\_ Day: \_\_\_\_\_ Training Week: \_\_\_\_ 11

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Ask arum about the register\_pekerjaan\_pelajaran.php as it display the undefined when click on the next page.
- Need to pull from the git since arum said there is one param did not not be inserted yet.
- Debugs the error togther with arum.
- Need to do the parse two times and the c in capital letter.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 23.5.2023 Day: 2 Training Week: 11

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Continue with the register\_dokumen.php.
- Ask arum about the api for the upload file. Need to use document\_type, filename and param\_name. For the param\_name is the id of the file at the input html field, filename is the filename of the document and the document\_type is whether it is ic, picture or apc.
- Use fix token for this api.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 24.5.2023 Day: 3 Training Week: 11

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Fixing the error for the upload file as it shows no file uploaded. Code 500 and invalid credential.
- Consult with arum to settle down through teams.
- Fix the error to fetch the data to display at the semakan maklumat that has been inserted before this.
- For the address, before this there are address1 and address2 but make it into address only like code below:  
`document.getElementById('address').innerHTML = data.address1 + data.address2;`

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

25.5.2023

Date: \_\_\_\_\_ Day: 4 Training Week: 11

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Fixing the code since at semakan it display undefined instead of the data in database.
- Successfully display the data at semakan. But, for the dun it still not change to the selected one.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 26.5.2023 Day: 5 Training Week: 11

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Successfully figure out why for the pekerjaan and komitmen it displays null because did not insert the id selangkah at register\_semakan.php.
- Solve the problem to display the dun name at semakan.
- Do the status permohonan where it will display the status of the applicant.

Note: Please include attachment(s) when necessary

## WEEKLY SUMMARY

**Weekly Summary for Week 11 (Date: 26.5.2023.....)**

<b>Work experience details</b>	<b>What did I learn?</b>	<b>How does this relate to what I already know?</b>
<p>Fixing the error for the upload file as it shows no file uploaded. Code 500 and invalid credential.</p> <p>- Fix the error to fetch the data to display at the semakan maklumat.</p>	<ul style="list-style-type: none"> <li>- learn how to fetch and save the data in the database using api</li> </ul>	<ul style="list-style-type: none"> <li>- Strengthen my knowledge in coding.</li> <li>- Work together with other developer to ensure that the error can be fix as I am still in a learning phase.</li> </ul>

## WEEKLY ASSESSMENT

WEEKLY ASSESSMENT BY INDUSTRIAL SUPERVISOR	
<p><i>Instruction to Supervisor:</i></p> <p><b>Please refer to the relevant daily student report for assessments and comments.</b></p> <p>Marking Scale: 1. Poor 2. Moderate 3. Average 4. Good 5. Excellent</p>	
<p>Supervisor's Signature :</p> <p>Date: 28/5/2023</p> 	<p>Supervisor's Name &amp; Official Stamp:</p> <p>Nuramirah Afifah Web Developer</p> 
<p>Comments:</p> <p>Need to practice more especially on function structure &amp; API. Able to deliver the given task</p> <hr/> <hr/> <hr/>	
Marks for Week 11 (To be completed on the last day of each training week)	<div style="border: 1px solid black; padding: 2px; display: inline-block; transform: rotate(-45deg);">4</div> <div style="border: 1px solid black; padding: 2px; display: inline-block; transform: rotate(-45deg);">5</div>

## DAILY TRAINING LOG

Date: 29.5.2023 Day: 1 Training Week: 12

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Start to do the coding for the dokumen lampiran section where need to display the name of the document for sijil apc and kad pengenalan and the image for the gambar pemohon.
- To display these 3 documents, need to use 3 different ajax for each of them and call api\_call\_login.php to retrieve the data.
- The name of the document must be in a clickable link.
- Make it display tiada fail dimuatnaik for the sijil apc and kad pengenalan if there is no file submitted.
- Need to put the target="\_BLANK" at the link for the sijil apc and kad pengenalan to ensure that when the user click on the link it will open to the new tab.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 30.5.2023 Day: 2 Training Week: 12

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

DESCRIPTIONS / REMARKS
<ul style="list-style-type: none"><li>- Successfully displaying the link for the sijil apc and kad pengenalan.</li><li>- Start to display the image for gambar pemohon at app_status form.</li></ul>

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 31.5.2023 Day: 3 Training Week: 12

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

<b>DESCRIPTIONS / REMARKS</b>
<ul style="list-style-type: none"><li>- Consult with mr adil about the suka portal.</li><li>- Add the export button at app_status.php to ensure the user can download the status permohonan.</li><li>- Change the button colour for the jana pendapatan.</li><li>- Do an api_call, if the user still did not apply for the registration display the apply button, else display the status_permohonan button.</li><li>- Change every contents in malay language.</li><li>- Change logo SUKA and suka icon at tab to the new one, will be given by cik adil later.</li></ul>

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 1.6.2023 Day: 4 Training Week: 12

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Do a export into pdf in html2pdf format but it is not in a right format when download in a mobile view.  
So, my supervisor suggested me to do using the dompdf format. Need to do the coding in separated file which is download\_status.php.
- In displaying the image need to convert the image into Base64 and display them as base64 when the PDF is generated.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 2.6.2023 Day: 5 Training Week: 12

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Continue in doing the coding for the status permohonan as the dompdf format used pure php.
- Design the interface using the table styling.

Note: Please include attachment(s) when necessary

## WEEKLY SUMMARY

**Weekly Summary for Week 12 (Date: ..... 2.6.2023 .....**

<b>Work experience details</b>	<b>What did I learn?</b>	<b>How does this relate to what I already know?</b>
<ul style="list-style-type: none"> <li>- Use dompdf to convert the status permohonan form.</li> <li>- Convert the image into pdf using the base64.</li> </ul>	<ul style="list-style-type: none"> <li>-Learn on how to use dompdf and how to display image when converting it into pdf</li> <li>- I also learn that at the dompdf, we cannot use bootstrap and javascript. Need to do it using the pure styling.</li> </ul>	<ul style="list-style-type: none"> <li>- Add new knowledge on dompdf where even we download it in mobile view it still in the right format as the html2pdf just capture the screen, so the alignment is not the same.</li> </ul>

## WEEKLY ASSESSMENT

<b>WEEKLY ASSESSMENT BY INDUSTRIAL SUPERVISOR</b>	
<p><i>Instruction to Supervisor:</i>  <b>Please refer to the relevant daily student report for assessments and comments.</b></p> <p>Marking Scale: 1. Poor 2. Moderate 3. Average 4. Good 5. Excellent</p>

## DAILY TRAINING LOG

Date: 5.6.2023 Day: 1 Training Week: 13

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

PUBLIC HOLIDAY - THE YANG DI PERTUAN AGONG'S BIRTHDAY

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 6.6.2023 Day: 2 Training Week: 13

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Continue in displaying the link for kad pengenalan and sijil apc part.
- Fix the link that displayed when converting into pdf as it does not display the correct link.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 7.6.2023 Day: 3 Training Week: 13

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

<b>DESCRIPTIONS / REMARKS</b>
<ul style="list-style-type: none"><li>- Successfully displayed the link for the sijil apc and kad pengenalan.</li><li>- Continue to display the image for the gambar pemohon.</li></ul>

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 8.6.2023 Day: 4 Training Week: 13

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Fix the upload document part to display the image for gambar pemohon when converting the pdf as it still has an error to display it.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 9.6.2023 Day: 5 Training Week: 13

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Successfully displaying the image and the link for the dokumen part in pdf.
- Ask supervisor regarding the status at app\_status.php which is MASIH DALAM SEMAKAN on how to do it.
- Need to do like this at api\_call.php to ensure that it change according to the status.

```
if ( $code_2 == 200){  
    $_SESSION["ems"] = $data_2['ems']; //if 0 false if 1 true  
    $_SESSION["lms"] = $data_2['lms']; // if 0 false if 1 true  
    $_SESSION["management_portal"] = $data_2['management_portal']; // if 0 false if 1 true  
    $_SESSION["status"] = $data_2['status']; // if 0 dia hantar app but blum approve  
  
    echo json_encode($response_2);  
  
}
```

- If status is 0, display MASIH DALAM SEMAKAN, else if status is 1 display BERJAYA , else display DITOLAK

**WEEKLY SUMMARY**

## DAILY TRAINING LOG

Date: 12.6.2023 Day: 1 Training Week: 14

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- scrum meeting 10am
- edit the style for navbar in phone view. no navbar-toggle. only the navbar text. the selection for program, lms, ems and admin panel move under the navbar-text.
- edit the style for username at navbar to ensure that it does not overlap into suka logo.
- get confirmation from cik adil about the gambar at register dokumen section whether needed to put the jpg format or not.
- edit the styling for register dokumen for mobile phone view.
- edit the under construction page in mobile view
- compress the picture of banner\_main to put at navbar and home in png format to make it load more faster

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 13.6.2023 Day: 2 Training Week: 14

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Add new pages at Suka portal which are senarai program to display the list of programs. Make the image of programs in dynamic. Set it 3 coloumns in 1 row.
- Next, do a pendaftaran program page.
- Third, do a baucar program page with a qr code function for each user and a muat turun button for the user to download the voucher.
- Lastly, do a page that display the information of the program with a lihat lebih banyak playmaklumat button that will be redirect to the youtube that played the program's video.
- Start doing the interfaces.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

14

Date: 14.6.2023 Day: 3 Training Week:  

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Create interface for the addition pages in Suka portal.
- Add a popup message at the login page where when the user insert the wrong password, it will notify the user that it is wrong.
- Need to change all of the content at the baucer program and pendaftaran program into readonly function.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 15.6.2023 Day: 4 Training Week: 14

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Add barcode at the voucher\_program.php. Make it function based on the user\_no. When the user scan the barcode, it will display the user\_no.
- Do the muat turun for the baucher program page using the dompdf format.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 16.6.2023 Day: 5 Training Week: 14

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Consult with cik adil for the confirmation of the addition pages.
- Need to change the size of program list in monitor view.
- Got an approval.
- Done with suka portal

Note: Please include attachment(s) when necessary

## WEEKLY SUMMARY

## DAILY TRAINING LOG

Date: 19.6.2023 Day: 1 Training Week: 15

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

<b>DESCRIPTIONS / REMARKS</b>
<p>- Get a new work which is to do the interface for invoice Selesa project. - Start doing the interface. For the interface there will be two layouts at one page where at left side it will display the list of the user's invoice. At the right side, it will display the invoice slip based on the respective user that been click at the left side.</p>

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 20.6.2023 Day: 2 Training Week: 15

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Got another work which is to work for SUKA LMS using the laravel framework.
- Need to change all the fonts at the website using the Josh font.
- Need to make sure the picture at the background homepage fit the content. There are some content using dynamic that needed to be adjust at the admin page.
- For the report need to add one more button but later will be discuss.
- For the SUKA logo need to change to the new logo.
- Change all the design based on the figma design.
- Make it responsive view for laptop, monitor and phone.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 21.6.2023 Day: 3 Training Week: 15

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Continue with the interface for invoice in Selesa project.
- Done with the interface.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 22.6.2023 Day: 4 Training Week: 15

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Ask arum and ali about on how to do the pagination. They said try to do it using the datatable.
- Start to do the pagination using the datatable. Need to redesign back the interface.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 23.6.2023 Day: 5 Training Week: 15

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Continue to do the pagination for invoice Selesa.
- Change the design in Suka LMS project.

Note: Please include attachment(s) when necessary

**WEEKLY SUMMARY**  
 23.6.2023  
**Weekly Summary for Week 15 (Date: .....)**

<b>Work experience details</b>	<b>What did I learn?</b>	<b>How does this relate to what I already know?</b>
<ul style="list-style-type: none"> <li>- Got a new job which is to do the suka lms using the laravel framework. Need to change the interface to the current one.</li> <li>- Do the invoice report for selesa by make two responsive layouts in one page.</li> <li>- Learn how to do the datatable to display the list of invoice list</li> </ul>	<ul style="list-style-type: none"> <li>- Able to do the two layouts in one page.</li> </ul>	<ul style="list-style-type: none"> <li>- Strengthen my knowledge in laravel as I got one project to do it beside my previous project at university.</li> <li>- Strengthen my knowledge on how to do the two layouts in one page.</li> </ul>

## DAILY TRAINING LOG

Date: 10.7.2023 Day: 1 Training Week: 18

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Done styling the landing page.
- Modifying the styling of report part. At the learning report. Need to change the content basic info, engagement, coursework based on the Figma design.
- Need to add the calculation for quiz score, assignment score, attendance at the performance section.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 11.7.2023 Day: 2 Training Week: 18

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

<b>DESCRIPTIONS / REMARKS</b>
<ul style="list-style-type: none"><li>- Fix styling padding at the landing page.</li><li>- Adding the download button at the report to convert into pdf.</li><li>- Change the content at my learning page - sort by button styling.</li><li>- Encik Adil request to make the size of container at my learning bigger.</li></ul>

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 12.7.2023 Day: 3 Training Week: 18

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Do the function for exporting the pdf in laporan page.
- Change the layout of my learning
- Consult with Encik Adil whether he satisfied with the changes or not. Need to fix the sizing of the box for courses.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 13.7.2023 Day: 4 Training Week: 18

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- Fix the sizing box of courses as requested.
- Fix the styling page of select courses from my learning page.
- Ask Arum about the design for the bar whether to put it at the top or below of the course' video.
- Done with the laptop view and start do the responsive view for mobile.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 14.7.2023 Day: 5 Training Week: 18

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- For the engagement score need to set as hidden, total video time - calculate for all lectures that have been viewed by the students. For mean quiz grade need to do the calculation.
- For the performance section, need to remove the attendance column, calculate the quiz and assignment score for each courses.

Note: Please include attachment(s) when necessary

## WEEKLY SUMMARY

**Weekly Summary for Week 18 (Date: ..14.7.2023.....)**

<b>Work experience details</b>	<b>What did I learn?</b>	<b>How does this relate to what I already know?</b>
<ul style="list-style-type: none"> <li>- Modifying the styling of report part.</li> <li>- calculation for quiz score, assignment score, attendance at the performance section.</li> <li>- Do the function for exporting the pdf in laporan page.</li> </ul>	<ul style="list-style-type: none"> <li>- Enhance my skill in converting into PDF using dompdf</li> <li>- Learn how to do the calculation for quiz score, assignment score, attendance at the performance section</li> </ul>	Strengthen my knowledge in coding skills.

## WEEKLY ASSESSMENT

WEEKLY ASSESSMENT BY INDUSTRIAL SUPERVISOR	
<p><i>Instruction to Supervisor:</i></p> <p><b>Please refer to the relevant daily student report for assessments and comments.</b></p> <p>Marking Scale: 1. Poor 2. Moderate 3. Average 4. Good 5. Excellent</p>	
<p>Supervisor's Signature :</p>  <p>Date: <u>17/7/2023</u></p>	<p>Supervisor's Name &amp; Official Stamp:</p> <p>Nuramirah Afifah Web Developer</p>

## DAILY TRAINING LOG

Date: 17.7.2023 Day: 1 Training Week: 19

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Continue with the calculation for total video time, mean quiz grade, quiz and assignment score at report.
- For now, the total video time displayed the wrong total. Still need to calculate it back. Will check based on the database to ensure.
- For tomorrow work based on discussion with Encik Adil, need to sit up with Encik Adil for the translation of each content in the project. Ask Encik Azri about the background image why it take too long to load it. For the report PDF do the landscape view.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 18.7.2023 Day: 2 Training Week: 19

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Translate all of the contents in Suka LMS project together with Encik Adil.
- Successfully make the background image load faster than before by compress the sizing of the image. Already get an approval by Encik Adil and he satisfied.
- For the admin side panel, need to delete all about the payments at the side bar and desktop as we do not use that yet.
- Make the sidebar for the admin panel can expand and collapse.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 19.7.2023 Day: 3 Training Week: 19

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

Continue with the translation for instructors and students panel.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 20.7.2023 Day: 4 Training Week: 19

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Fix the load of background image of Suka Portal by compress the sizing of the file of image.
- Fix the font Josh into Jost for Suka Portal.
- Do calculation for quiz score.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 21.7.2023 Day: 5 Training Week: 19

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

## DAILY TRAINING LOG

Date: 7.8.2023 Day: 1 Training Week: 22

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- add new options on sidebar which are pay, hr, admin, pmo, finance for E-Office Management System. need to upload it on the database first by using sql query in order to display it as it is dynamic. Encik Arum teach on how to do it.
- done calculation for the total video duration for student side.
- fix the footer for e-office project

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 8.8.2023 Day: 2 Training Week: 22

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### DESCRIPTIONS / REMARKS

- continue with the calculation for the total watched video duration for instructor and successfully display it

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 9.8.2023 Day: 3 Training Week: 22

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Ask Encik Arum about the chart at dashboard instructor panel. Need to do jumlah masa pembelajaran dihabiskan versus jenis kursus.
- Need to hide the kursus percuma and blog at dashboard admin panel as requested by Encik Adil.
- Start doing the chart using ApexChart library.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 10.8.2023 Day: 4 Training Week: 22

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

### **DESCRIPTIONS / REMARKS**

- Need to display only top five for the course as it not fit the chart to enter all courses. Already ask Encik Arum about this.
- Done with the chart. Need to fix the styling of the font at chart to make it not rotate -45 degrees.

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: 11.8.2023 Day: 5 Training Week: 22

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)

<b>DESCRIPTIONS / REMARKS</b>
<p>- Consult with Encik Arum for the chart to get an approval. Need to fix the jumlah masa in seconds into minutes and seconds format.</p> <p>- Done fixing it.</p>

Note: Please include attachment(s) when necessary

## DAILY TRAINING LOG

Date: \_\_\_\_\_ Day: \_\_\_\_\_ Training Week: \_\_\_\_\_

(Please specify training information through descriptive statement, tables, sketches, figures, etc.)
